The image displays an interactive geometry software interface. On the left side, there is a vertical menu with three buttons: "Select Grade", "Backgrounds", and "Manipulatives", each with an upward-pointing arrow. The main workspace features a large, semi-circular protractor with degree markings from 10° to 170°. A horizontal line is drawn across the base of the protractor, and a vertical line is drawn from the center of the protractor's base down to a small circle on the baseline. A diagonal line is drawn from the center of the protractor's base to the 40° mark. At the bottom of the interface, there is a toolbar containing various icons: the Mc Graw Hill Education logo, a hand icon, a text box icon, a pencil icon, a ruler icon, a compass icon, a protractor icon, a color palette with nine colors (black, green, blue, purple, red, orange, yellow, brown), a question mark icon, and a grid icon.
