The image displays an interactive geometry software interface. On the left side, there is a vertical sidebar with three menu items: "Select Grade", "Backgrounds", and "Manipulatives", each with an upward-pointing arrow. The main workspace features a large, semi-circular protractor with degree markings from 10° to 170°. A horizontal line is drawn across the protractor, and a vertical line is drawn from the center of the protractor down to a small circle on the baseline. At the bottom of the interface, there is a toolbar containing various icons: a hand (pan), a text box (T), a pencil (draw), a compass (construct), a ruler (measure), a protractor (angle), a compass (circle), a color palette with nine color swatches (black, green, blue, purple, red, orange, yellow, brown), a question mark (help), and a grid icon.
